

Some Common Questions...

Is any money taken to pay staff?

No, AON is a 100% voluntary charity organization with no Australian personnel receiving any kind of remuneration for their work. The AON workers in Africa have individual Australian sponsors who specifically support them directly for the purpose of wages/living.

Is all of my money spent on what I have purchased in the Catalogue?

Yes, your money is not used for anything else.

Is my money given directly to the people who operate the orphanages or street feeding programs?

No. When you purchase something from the Catalogue there is a voucher issued. The voucher covers exactly the goods that you have chosen and is issued to a designated Orphanage representative for the products. The matching voucher goes to an approved supplier who releases the goods.

How do I know that the goods that I purchase are going where they're meant to?

We have a team of inspectors who regularly visit and assess the needs of the Orphanages that are networked with us. These inspectors collate information about the distribution of goods to the children and report on the progress of each child. Additionally, Australian volunteers visit and report on how the children are doing.

When I buy a Catalogue package do I get a Sponsor child?

Yes, whether you pay in a lump sum for a one-year supply or offer monthly support you will have a child allocated and receive regular reports. (The exception being if you purchase items for the benefit of all children, such as water tanks.)

What kind of payment options do I have?

The two options for many packages are payment as a one off in a lump sum or paid in twelve monthly instalments. (See the payment options for each package.)

Does Agape Orphanage Network Australia have any kind of accountability?

Yes. Agape Orphanage Network Australia is a registered charity and has mandatory government reporting requirements to maintain.

The Packages

In order to maximise the number of children that we are able to help and provide the best method of accountability, we have introduced a 'package' system. These begin with meeting the basic food requirements for a child through to providing bedding, clothing, safe water, education or shelter. You can help us dramatically improve life expectancy and quality of life for these children.

Basic Bedding Package

A bedding package for 1 child includes:

- 1 x Mattress \$30AUD
- Pair of Sheets \$14AUD
- 2 x Blankets \$18AUD
- 1 x Treated Mosquito Net \$10AUD
- 1 x Bed Cover \$14AUD

Total: \$86AUD

These children desperately need our help. Join the family of Agape Orphanage Network supporters who together are helping to meet the needs of orphaned and destitute children.

Often left to fend for themselves as a result of losing parents to disease or other tragic circumstances, these children battle to make it through each day. By being a supporter you can make a difference and give them new hope.

Basic Food Package

Feeding a child for one year:

- Beans 54Kg; Maize 162Kg
- Rice 60Kg; Brown Sugar 20Kg
- Salt 6Kg; Millet Flour 36Kg
- Cooking Oil 24 Litres

Total: \$360AUD

Alternately, a child can be registered for sponsorship for \$30AUD per month.

Safe Water Supply

A safe water supply can consist of either a 10,000LT Poly Tank, a borehole, a well, or where practical a town water connection if possible. A Poly tank or a borehole/well come in at \$1,300AUD each.

A lower capacity 5,000LT tank is around \$900AUD delivered and may be suitable for smaller works.
